<p>b) Disclose Scope 1, Scope 2, and, if appropriate, Scope 3 greenhouse gas (GHG) emissions, and the related risks.</p>	<ul style="list-style-type: none"> • See Risk Management and Cybersecurity, 2022 Sustainability Report • See 2022 Performance Data Chart • See 2022 SASB Chart
<p>c) Describe the targets used by the organization to manage climate-related risks and opportunities and performance against targets.</p>	<ul style="list-style-type: none"> • See Energy Use and Emissions, 2022 Sustainability Report • See Risk Management and Cybersecurity, 2022 Sustainability Report • See 2022 Performance Data Chart • See 2022 SASB Chart

The information and data (collectively, Information) provided in EnLink's 2022 Sustainability Report (Report) reflects content as of and for the period ending December 31, 2022, unless otherwise indicated. Such Information in this Report is for informational purposes only. EnLink does not make, and hereby expressly disclaims, any representation or warranty as to the accuracy or completeness of the Information contained herein. This Report is being published on August 1, 2023, and EnLink has no obligation or duty to (1) update or correct the Information, (2) provide additional details regarding the Information, or (3) continue to provide the Information, in any form, in the future. EnLink reserves the right, in its sole discretion, to modify, update, change, delete, or supplement the Information from time to time without notice. The Information should not be interpreted as any form of guaranty or assurance of future results or trends. EnLink is not expressly incorporating by reference any of the Information into any filing of EnLink made with the United States Securities and Exchange Commission or in any other filing, report, application, or statement made by EnLink to any federal, state, or local governmental authority. This Report contains information based upon EnLink's role in the broader economy, environment, and society and for the purpose of responding to issues that are important to a wide range of interested parties. While events, scenarios, and efforts discussed in this report may be significant, any significance should not be read as necessarily rising to the level of materiality of the disclosures required under U.S. federal securities laws, which have distinct and specific concepts of materiality.
